Future Bookings

If you enjoyed your stay with us and are intending to return, then book direct with us, rather than going through an online travel agent – Wotif, Expedia, Booking.com etc.

- Booking directly with us will save you at least \$10 per day.
- If you book through an online travel agent, then we pay commission and you pay surcharges, thus the reason it is cheaper booking direct.
- All major online travel agencies, Wotif, Expedia, Booking.com are offshore based, so let's do our bit for the economy and keep the money in Australia.
- Booking through an agent, makes it difficult to change dates, cancel, etc as they will not be as flexible as we can be if you deal direct.
