

After Hours Check-In

If arriving after hours, please follow these instructions to access your apartment keys. Reception is open 8am-3pm weekdays, 9am-3pm Saturdays and closed on Sundays / Public Holidays.

Located in the front entrance you will see the automated check-in box (photos below) - enter your 4-digit pin code followed by the # button. Pin code is set as the last four digits of the phone number you supplied on booking. Your key will then be released into the tray with instructions. The key will have a grey fob attached which will give you access to the building, parking as well as the lift.

Parking is around the corner in the laneway on Temperance Lane – there is a 1.8m height restriction so will not fit large 4-wheel drives.

Any issues there is a live-in manager available to assist who can be contacted via the emergency number located on the reception window, however please only disturb them in emergencies.

Please see Reception to complete the check-in process the following morning.

Front Entrance on Chetwynd Street

Ramp / Reception Window View

Key Safe Box – located to the left of the reception window on the entry ramp.
