

PARKING

PLEASE FAMILIARISE YOURSELF WITH THE CAR PARKING INSTRUCTIONS BEFORE USING THE CAR STACKERS.

- **PARKING IS LIMITED BY HEIGHT & SIZE RESTRICTIONS – LARGE 4 WHEEL DRIVES WILL NOT FIT**
- **CAR PARK IS USED AT VEHICLE OWNER / DRIVERS RISK.**
- **Q SQUARED ACCEPTS NO RESPONSIBILITY FOR DAMAGE TO VEHICLES OR STACKERS.**
- **USERS RESPONSIBLE FOR ANY DAMAGES INCURRED TO YOUR VEHICLE, OTHER VEHICLES & /OR STACKERS.**
- **CAR PARKING IS ON A FIRST COME FIRST SERVED BASIS**

OPERATING INSTRUCTIONS

- **Safety Checks First**
 - Ensure your vehicle is not protruding beyond the back of the stacker
 - Ensure that the height of your vehicle is suitable for the selected stacker
 - Stand clear and ensure others are standing at a safe distance
 - Insert key into slot
 - Turn right to raise the stacker
 - Turn left to lower the stacker
 - Hold the key to continue moving stacker. It will stop automatically when in position.
 - To stop the stacker simply release the key and the system will stop
 - It takes between 45-50 seconds to raise or lower the stacker.

OTHER INFO

- The wheel stops are completely adjustable and are to guide you to where to stop your car so it is safely parked.
- It is very important that your car doesn't protrude over the edge of the system onto the concrete, if it does, you or the next person to operate the system will damage your car.
- Passengers, groceries, luggage etc should be offloaded prior to parking. Only the driver should be in vehicle when parking.
- Consider the weight of the vehicle - The system can hold 2,000kg but anything heavier, should not enter the system. Height limit as per signage on parking bay.
- If you are not confident to use the stackers safely, park on the street and consult with reception staff when practical.
- There is no parking etiquette regarding leaving park up or returning it down. It is the user's responsibility to move stacker to the desired position.
- If key is not working check red emergency button – it may have been compressed by the previous user.
- For safety reasons remove keys from the slot after use.
- Do not allow children to play with the stackers or attempt to operate keys.
